HEY!

YOU!

THAT'S RIGHT! YOU!! Do you want to know what people are saying behind your back? What they think about your school, your actions, your life? Well, here's your chance—

Below there are five Dublinets from different occupations and parts of town, who were chosen to get a cross section of opinions about "who" we are . . . To the best of our knowledge these people do not know each other and we wish to thank them for their time and candid comments.

BERTHA COMPLAINT

MR. PACHECO

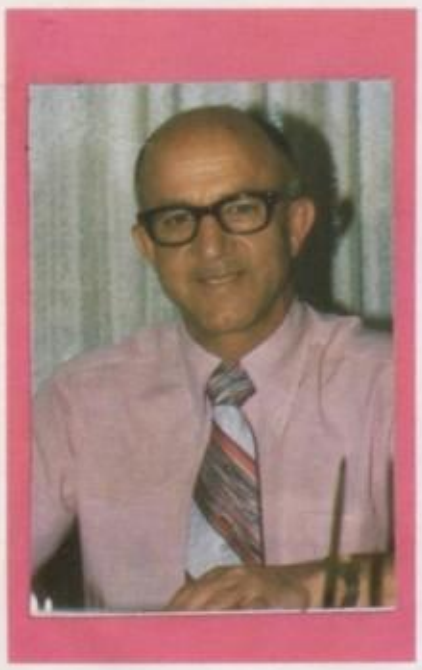
MONSIGNOR MORAN

Question: Do you think there are enough extra-curricular activities?

Bertha Complaint: "There are too many activities for those kids. They never stay home like respectable people should. What, with all that, 'GO! FIGHT! KILL!' —at their football games and those blaring dances, I can't get my kids to bed!!!"
Mr. Pacheco: "There seems to be a lot of things going on—V.C.S.D. and Dublin Youth Council try to provide a lot of activities, but they don't seem to be too successful."
Msgr. Moran: "From what I have gathered, school activities keep the students very busy."
Mr. Romeo: "I think the student has to become very involved . . . to test themselves. Students should be able to communicate with their counselors and teachers. If a student can't learn to communicate now, when he gets into the business world—he'll find it to be a very, very hard world."
Mrs. Bennet: "I really don't know too much about the activities (at Dublin High). I do like to watch their athletic adventures."

Question: Do you think the kids are given enough homework?

Bertha Complaint: "These kids have no homework. All they do is watch movies. What ever happened to reading, writing, arithmetic?? All they take now are courses like Advanced Basketweaving and I.W.E. Those teachers are a bunch of hippies!!"



MR. ROMEO

Mr. Pacheco: "The kids who are going to go to college seem to have a lot of homework . . . It depends on the kids. The kids who apply themselves and try hard get a lot of homework."
Msgr. Moran: "I don't know too much about the homework . . . Homework should prepare them (the students) for the future."
Mr. Romeo: (He said he wasn't too sure about how much homework is assigned, but did think it necessary for college-bound students) "College allows you to knock on the door. Competition will force you to get a higher education."
Mrs. Bennet: "The homework is probably harder. We get some pretty tricky questions to help find answers to—We've been put to the test sometimes, trying to find answers for the kids."

Question: Do you think the moral values are the same as they were when you were in school?

Bertha Complaint: "Teenagers have no morals. All those T.V. shows like Brady Bunch and Happy Days are filling their heads with filth. Like holding hands in public and dating before 21!! They have NO respect. These kids will grow up majoring in pick-ups, parties, and police arrests!!"
Mr. Pacheco: "Morals have changed. When I was younger many things young people now discuss with their parents went undiscussed. (It's only) 10% of the kids that are the bad ones—who unfortunately get the headlines."
Msgr. Moran: "Society as a whole has changed in the past few years. Students have changed no more than society."
Mr. Romeo: "Todays students think differently. They're freer in some respects. Our parents had tighter control. Changes have been revolving in the last fifteen or sixteen years. We did many of the same things kids do today, but more secretly. Drugs are playing a bigger part than they did back then."
Mrs. Bennet: "The moral values have changed as much as those of any other kids . . . values are changing. I have different values than the rest of the library staff because of the age difference."

Question: If you would, could you sum up your thoughts and feelings about the Dublin High Student?

Bertha Complaint: "Well, they're a bunch of freeloaders. They get everything handed to them on a silver platter. They're a bunch of bums who step all over my lawn and have noisy, radical parties! The school looks like a Juvenile Hall. The know the President of the United States would NEVER come from Dublin High:"
Mr. Pacheco: "Over the last three years I've employed eight Dublin High students—all have been good workers. Dublin has a good group of kids. Most of them have high moral values. Dublin has a good teaching staff . . . Mr. Hagler's funnier than hell. Dublin High's no worse, nor better than other schools (around the valley)."

Msgr. Moran: "My contact with the kids has always been very rewarding. I enjoy working with the different committees for the baccalaureate. They leave me with good impressions. I think the kids are lucky to have the opportunity to live and go to school in an area like this—one that has many benefits as compared to the other parts of the world. They're lucky to have Mr. Hagler. I'm very impressed with him . . . he's a dedicated man."
Mr. Romeo: "Last year I went to the school and talked to a group of Seniors. I talked about banking in general. The students were very alert, very sharp. I got the impression they were a very aware group. I would say that the students I have talked with would make good citizens."
Mrs. Bennet: "The Dublin High kids are a lively group. We get all sorts of kids from the serious super-student to the ones who have nothing to do and just want to goof around. I like them (the D.H.S. students) —They're a great bunch of kids."

MRS. BENNET

Memories

Well? Who are You? Do you know, Now?
Of course not!
You and You and You are all different-
Unique
But we all share things
We share our friends and teachers, our
basic needs
for Health, Education and Enjoyment
In essences, a year at Dublin High is made
up of all
our sharing and things we do
Just as each day is mixed with the glory
of conquests,
with fun, laughter and hours of serious
thought and endeavor-
We share something even more
obvious
" TIME "
Time? It seems to slip through our fingers.
But somewhere, all the joys, the pain,
the rainy then sunshining days of yesterday
are still there.
Each small piece combining to form the
Now.
All our Todays soon to be tomorrows
memories.
Tomorrow? Tomorrow holds our
Yesterdays, Todays,
our Future.
Time? Time is on Our Side

Yesterday

Bits and pieces of things, people, events, that have helped shape our lives—a year stretches into two then three ... traditions become established and passed down ... we flow along glimpsing pieces of this Mosaic—forgetting some-misplacing some-cherishing some ... Yesterday has left and has stayed in our memories.

There Were Good Times Too.

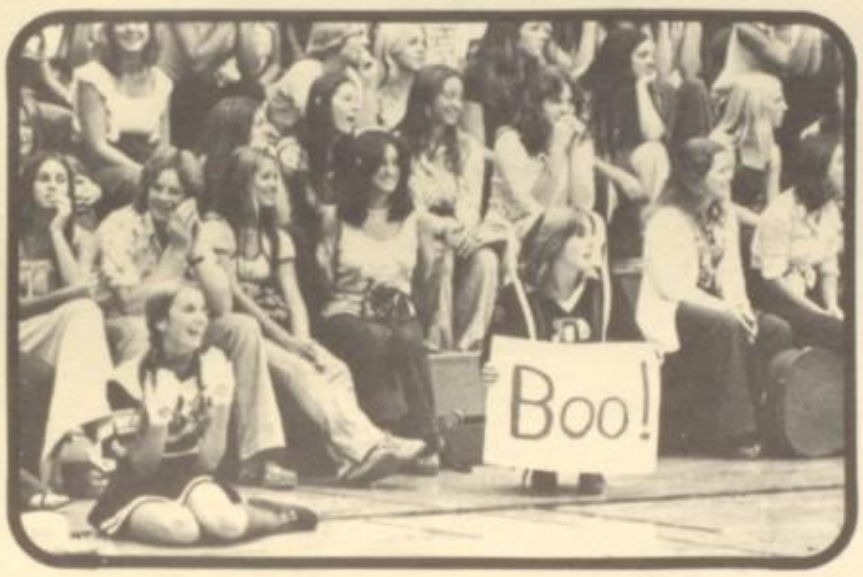
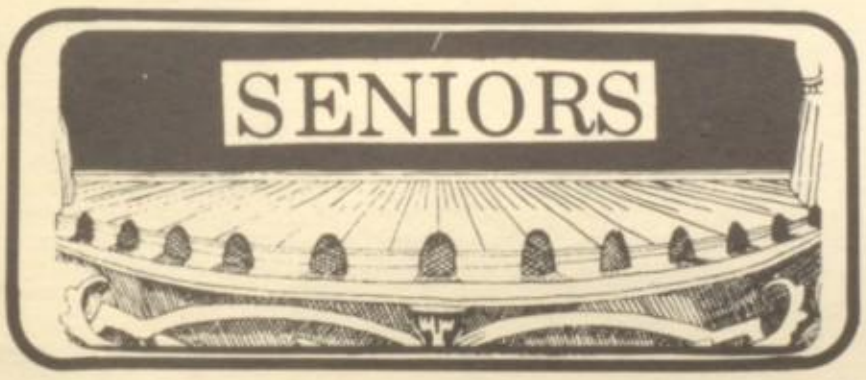
"It's The Laughter We'll Remember."

Seniors





The Class of 1978 was one of the most progressive and hardworking in the history of D.H.S. - they were the first to have both a Frosh and Soph. Picnic.

Their leadership helped inspire a new Constitution in student government.

They were the first Freshmen class to ever win the HOMECOMING FLOAT COMPETITION.

They leave behind, perhaps, the most important ingredient in the life of the Dublin High - "SPIRIT". This they displayed during Homecoming Week, winning THE SPIRIT COMPETITION.

We'll miss you -

Fall Sports

The Fall of 1977 was a good time for Sports at Dublin High.

The Varsity Football Team recorded a winning season with a stunning highlight victory over Livermore High ... Beautiful.

The J.V. Football team was even more successful in being crowned undisputed E.B.A.L. Champs ... Yeah! Team ...

Both Varsity Volleyball and J.V. Volleyball as well as Cross Country exhibited the teamwork and dedication that has help mold Dublin High into the school which has the most spirit ... for sure!!!

Dublin Highs' Tennis team doubled their wins from the year before in posting the best win mark in their five year history.

Our legacy? Memories of the hard work-sweat-pains-and joys-which we'll carry with us into Tomorrow.

Head Coach Re: "At the beginning of the year I thought we had an outside chance at the championship. I never considered us to be a fifth place team; I considered us to be a 1st division team. Our highpoint of the season was beating Livermore 25-0. (Another highpoint was) Just the way the kid's played together. They came through in key situations. They never once quit. This was one of the closest teams in the last three years. They believed in themselves, believed in what they were doing. They were outstanding—every one of them. This team has turned the corner for Dublin High football. This group of kids were really something special."

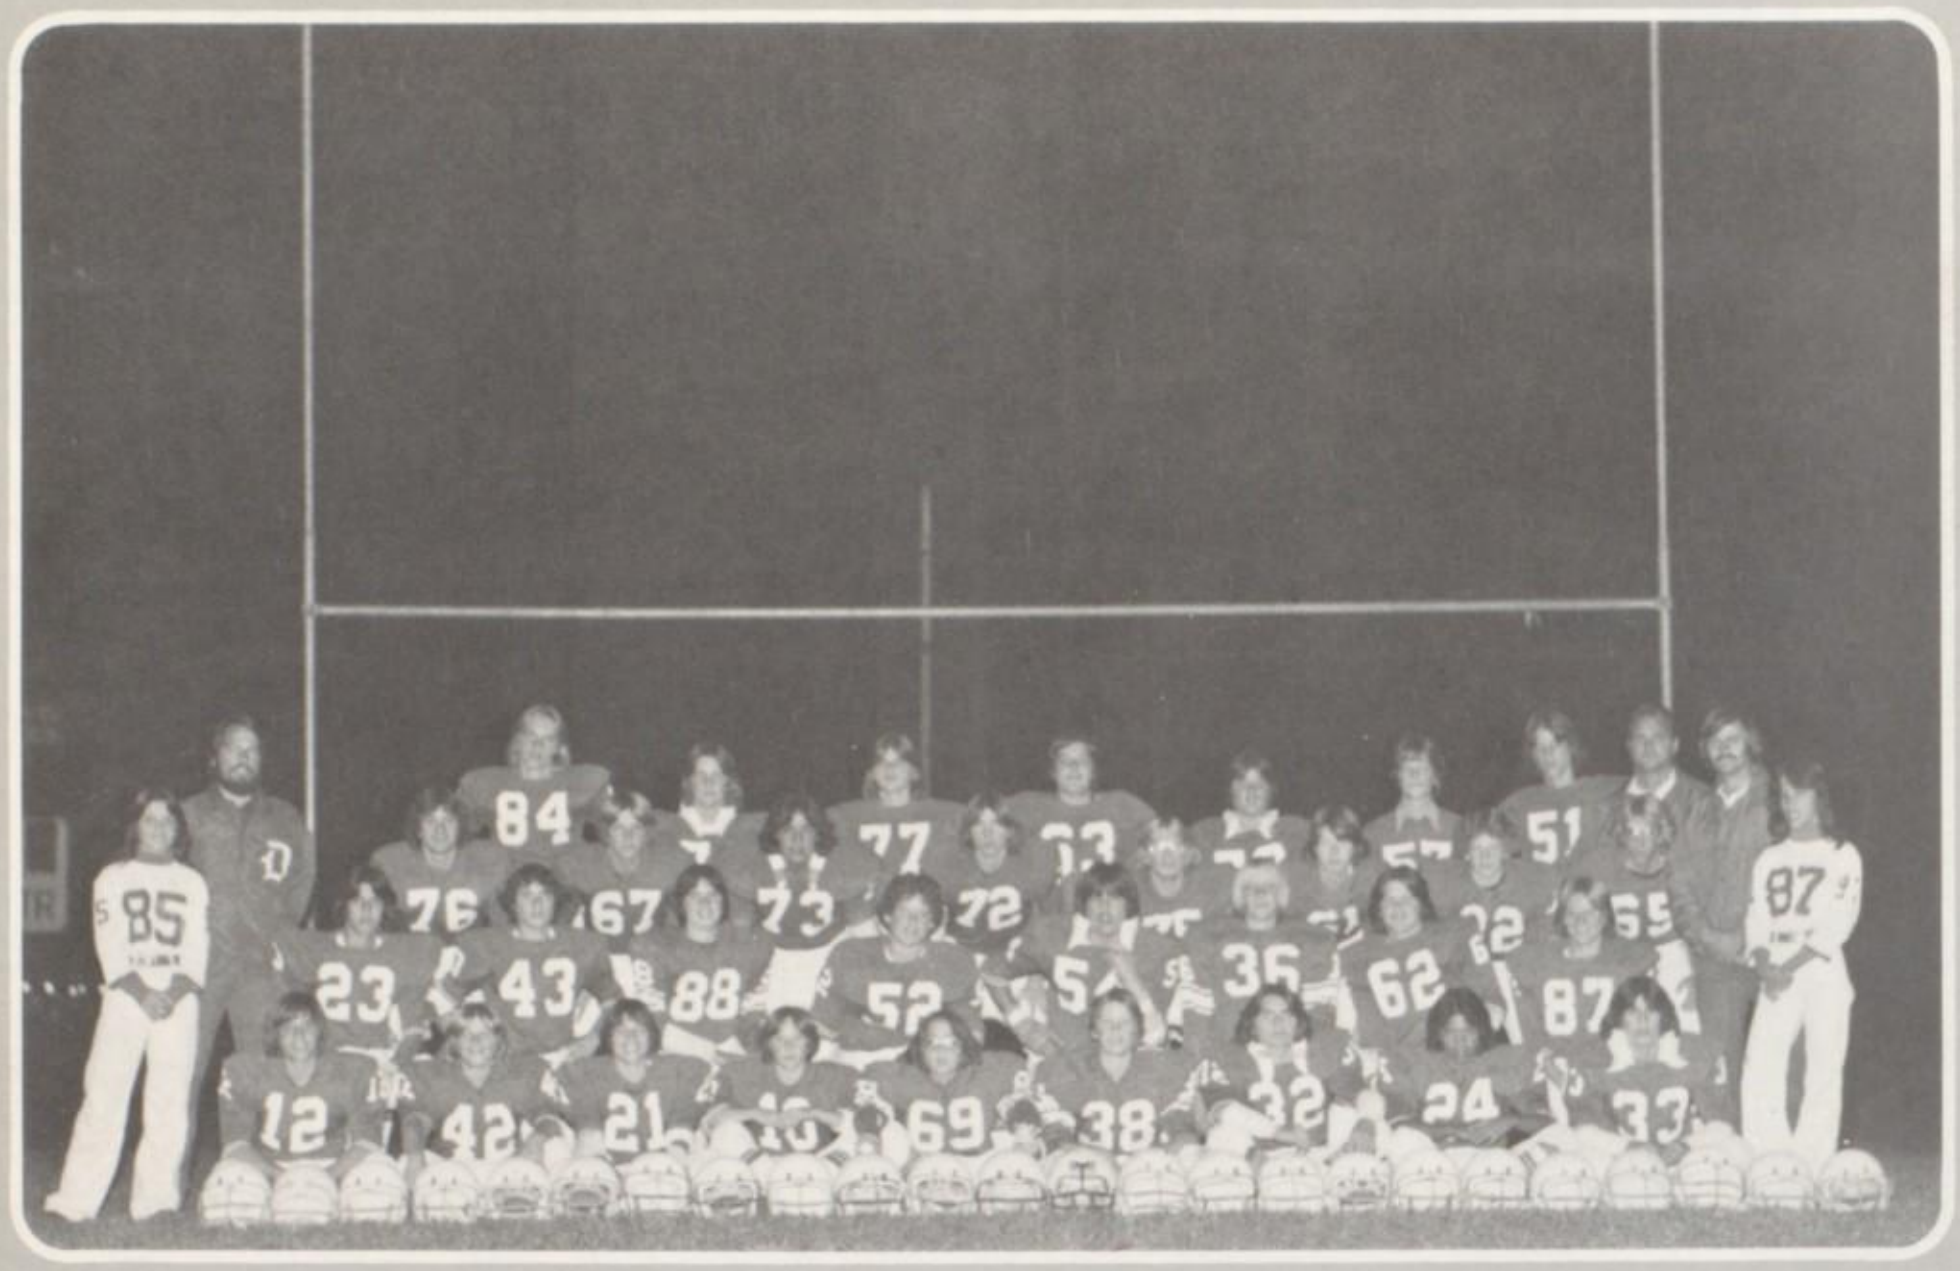
Head Coach Ferro: "This team was the best ever. We went undefeated, although no one thought we would. Our highpoints were beating Amador, going undefeated and winning the Championship. This team had the best attitude of any team I've ever coached. It was almost unreal. They were very loyal . . . to me as a coach . . to the team . . . to their own individual selves. That's one of the reasons wid did as well as we did."

"FRESHMEN FOOTBALL"



Head Coach Young: "The first game of the year was the high point of the season. We won 6-0 against Monte Vista. We were hoping for a 4-3 record. When you don't have good size or good speed, you have to execute and you can't make mistakes. We made too many . . . We had good team morale, good practices. We had excellent enthusiam and attitude, but we just couldn't put it together."

Coach Shoemaker: "This year at the beginning I thought we had a chance to take the league championship, but we were plagued by injuries. This was a good group, a fun group. We had no problems. We worked hard, but we had a good time. The year was enjoyable. This year two of our girls, Michele Sequeira and Joanne Callendar, were placed on All League Volleyball Team."

Coach Cassvan: "Coaching girls, I think is great. I think that girls are very competitive, very sports minded and can have a lot of fun playing. The highlight of the season were the emotions shown by the team at the very end of the last game of the season. They showed a tremendous amount of satisfaction out of being successful. They had a great attitude and a lot of team spirit. They always tried to better themselves."

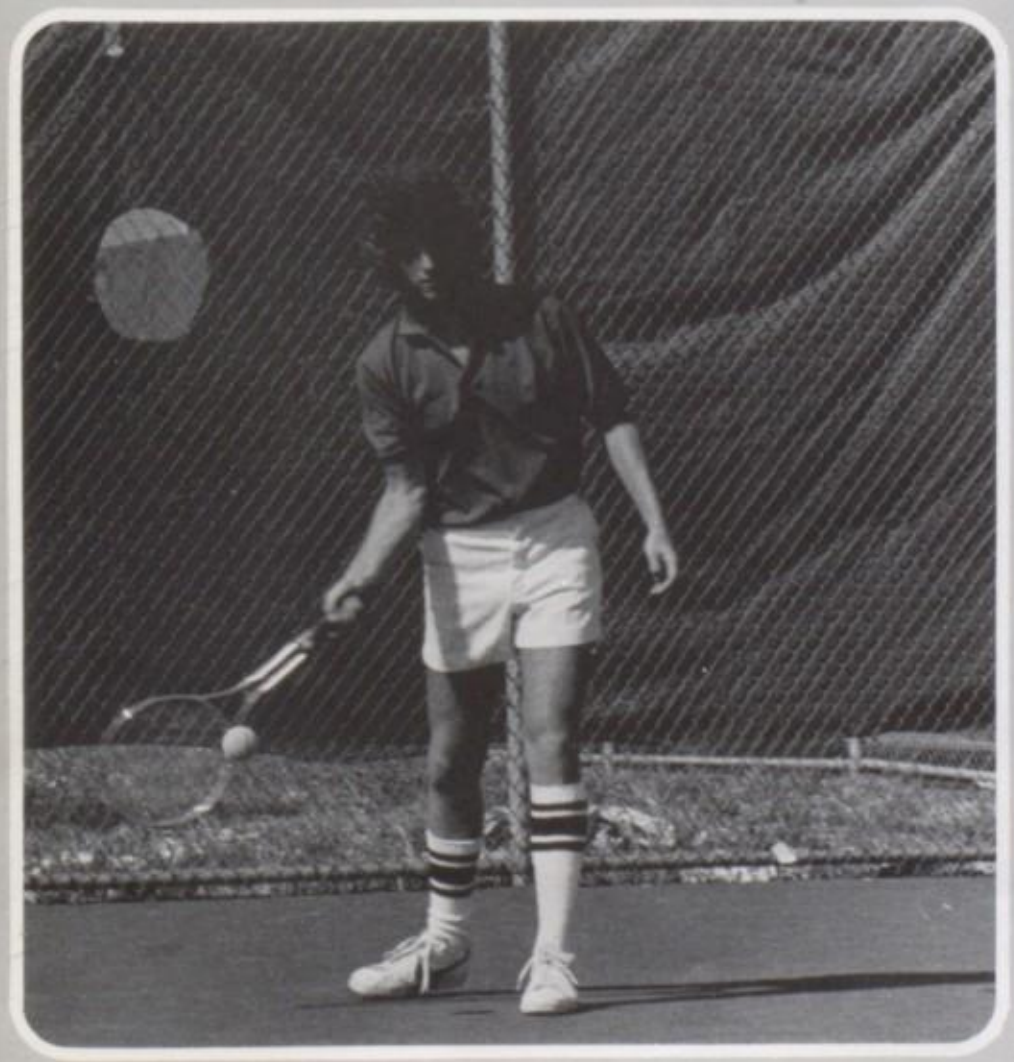
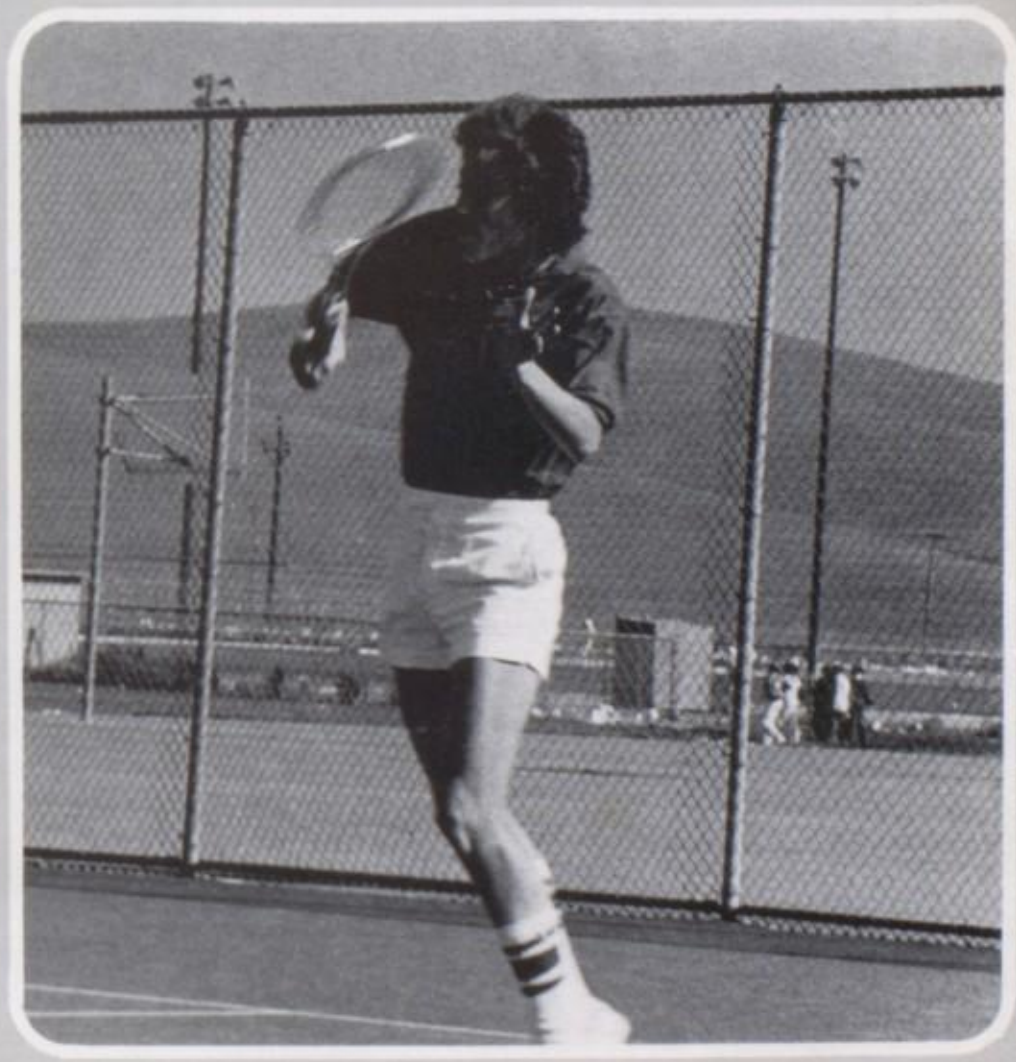
Coach Banuat: "I have only good things to say about the tennis team this year. Chan-Russell-Ringle-Cameron-well, all of the boys, not only worked hard and gave 100%, but they had fun—we had fun.

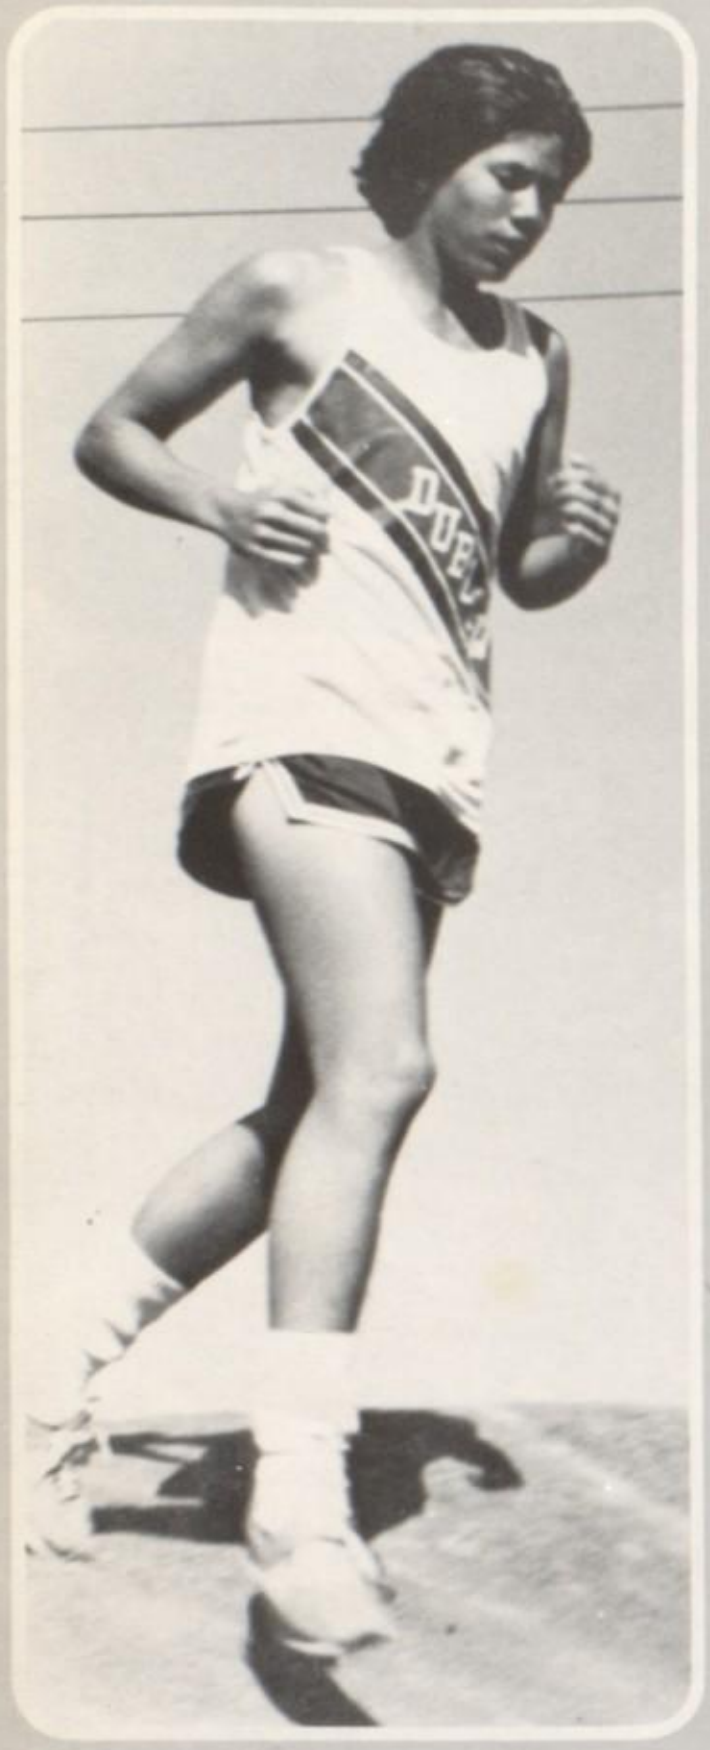
The nicest thing about the year, beside enjoying the game, was that the team this year was the winningest in the history of the school—It's a sport everyone should try.

I'll miss the boys and the team next year—I wish them all the best!!"





CROSS COUNTRY



Head Coach Cathcart: "This years bright spots were the efforts of the girls team and their performance at Livermore. They swept the first four places. The boys Varsity also ran well this year. Julie Hayes was outstanding in the Northern California Championships and Evelyn Knowles was a strong runner for our girl's team. In boy's varsity, Robin Moss, Steve Hayes, and Daryl Williams were the strong points."

HEAD COACH: MR. NELSON

Coach Nelson was very pleased with the hustle of the team throughout the season. Although the overall team record was not one of the best, individual records were set by several of the players. Jeff Barnes had most assists in a season in his career and most recoveries in a game. Jeff "Buffalo Butt" Magathen led the team in rebounding. Dane Seropian led in scoring and was also nominated for E.B.A.L. All-League. The spirit stayed high to make it a successful season.

HEAD COACH: MR. KREIDER

This year's junior varsity team proved to be one of Dublin's best. Their pre-season record was 4 wins 5 losses, finishing 2nd in the J.V. Tournament with marginal wins over top ranked teams. Their regular season ended with an outstanding 12-2 record, outstanding enough to earn the title of E.B.A.L. champs, an honor they shared with Amador. Mr. Kreider commented: "They were a great group of players with a little more work on defense, they should develop into a fine varsity team next year."

FROSH BASKETBALL

Head Coach Mr. Young:

Dublin took third place behind Foothill and Granada. We lost 2 of our first 3 games, then we won 6 games in a row including victories over Foothill and Granada. We then went into a slump losing 3 close games including a two point loss in overtime to Granada. Dublin came back to win our last two games to finish 9-5.

Our Most Valuable Player was Scott Tatman, our center 6'2" Whom averaged 14 points a game, plus he was the teams leading rebounder.

Another player who hit in double figures was the teams second leading rebounder Ron Washburn who averaged 11 points per. game. The reason for our success was always having a team effort. We had alot of enthusiasm and we worked hard during our practice sessions. They really put forth an effort in practice and their games. They are a beautiful bunch of young men and I enjoyed this season more than any coaching season I've been involved in.

Top Row- Michele Sequeira, Cathy Dugan, Coach Iijima, Debbie Hadley, Judy Craw Bottom Row- Laura McAllister, Cindy Meadows, Kathy Lake, Michelle Mack, Cindy Grant Not pictured: Bonnie Monger, Jeannie Hadley.

Head Coach Mr. Iijima:

The girls J.V. team had an excellent season. The lack of Height was overshadowed by overall team aggressiveness and hustle. The "Gaels" played outstanding defense. Playing man to man (or person to person) The defense, most of the time, limited their opponents to an average of 24 pts. a game. I'm sure the team was proud of their performances, especially towards the close of the season.

Our total record was 48 goals in league and only 4 goals scored on us. The guys had a lot of drive, determination, and very high skills. This was the best bunch of players I've ever had, they've always put on an impressive show. This year Art Bayless, Ed Bryant, Peter Mangini and Kevin Dick were placed on E.B.A.L. All-League 1st team, Paul Mangini on 2nd team and Jorge Garrett Honorable Mention. That's six out of eleven guys-a good record."

J.V. SOCCER

Head Coach Mr. Lindamen:
"The Dublin High J.V. Soccer team started the season out by losing their first two soccer league contests. But after that there was no stopping the team as they went on to win the rest of the league matches, winding up in Second Place in league play with a 10-2-4 record over-all."

VARSITY WRESTLING

Coach Hallin:
"This season was an average season for Dublin High Grapplers. At the beginning of the season we had potential to be a league contender, but fell short due to injuries, grades, and failure to make weight at crucial matches. The highlights of the year would have to be beating Concord High School, who had previously beaten our league champs, Amador: Shannon Grisham winning the Granada Tournament and being named MVP; and Sean Kennedy winning the league tournament and being named MVP of the Heavy Weights for the league; placing 3rd at North Coast and will be representing our school at the prestigious State Tournament in San Diego."

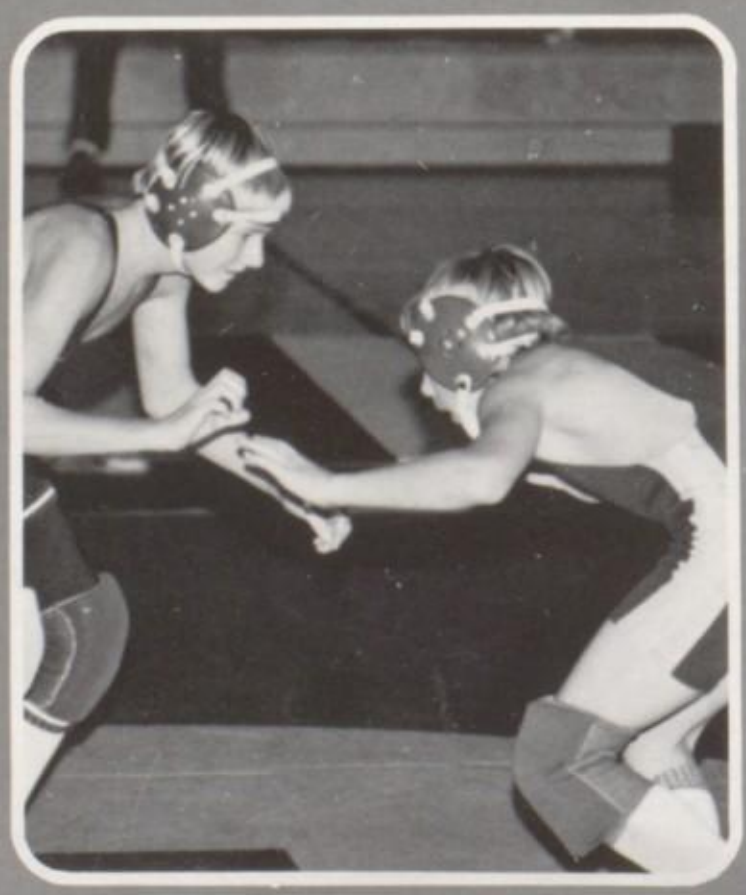
J.V. WRESTLING

TOP ROW: Robert Cullwell, Danny Hammett, Chip Armstrong, Nick Jones MIDDLE: COACH John Seymour, Scott Brite, Earl Palacios, Burt Vegara, Jeff Hall BOTTOM: Peter Herting, Robert Cobb, Jose Chavez, Hank Wright, Rene Martinez.



Coach Seymour:
"The J.V. Wrestling season was filled with high expectations and frequent disappointments, despite some outstanding individual performances. Burt Vegara was noted Most Valuable Wrestler as well as Team Captain for his strong and consistently improving performances, as well as his generally inspirational attitude; he always worked hard, but with a sense of humor about it. Robert Culwell, Nick Jones, Scott Brite, Earl Palacios, Jeff Hall, Hank Wright, Jose Chavez, and Robert Cobarrubias all contributed strength to the team with key wins. First year wrestlers Chip Armstrong, Rene Martinez, Mark Burton, and Peter Herting also deserve credit for their enthusiasm and perserverence. "As a first-year coach", said Mr. Seymour, "I feel privileged to have had such talent to work with. I wish I could have contributed more." Although most of the J.V. Wrestlers will need another year of competition before they will be competitive at the varsity level, there are some who are well on their way. I only wish that more athletes at Dublin could be lured out onto the mats. League Champions Amador and Livermore regularly recruit 60 prospective wrestlers, or more. And from them, they are able to develop strength and talent. Wrestling is one sport which offers nearly everyone the opportunity to compete. It's too bad that more Dublin High students don't take advantage of that opportunity.

"IN MEMORY OF THREE WHO

Tony Chan

For to me, to live is Christ, and to die is gain.
But if I am to live on in the flesh, this will mean fruitful labor for me; and I do not know which to choose.
But I am hard pressed from both directions, having the desire to depart and be with Christ, for that is very much better.

Philippians 1:21-23

Robert D. Chapman • Memorial Field

On September 9, 1977, the Dublin High School football field was posthumously dedicated to the late Robert D. Chapman.

Chapman was a true friend and supporter of athletics at our school.

Chapman was instrumental in the lighting of our football field. Through his efforts, we were able to obtain and install the light poles.

His dedication to the school and community has been an inspiration to all of us.

Sunrise doesn't last
all morning,
A cloudburst doesn't last
all day.
...
Sunset doesn't last
all evening,
A wind can blow those
clouds away
...
None of lifes strings
can last
So I must be on my way.

...
Now the darkness only stays
at night time
In morning it will
fade away.
...
All things must pass-
All things must pass away.

Clubs and Activities

Joining a club or otherwise getting involved in the scheduled Activities at Dublin High, offers an individual an opportunity to meet and get to know a wide variety of people-see a lot of different places-do a lot of different things.

Becoming a Cheerleader or belonging to the Photography Club are very different things. But they share one very important thing in common-the commitment on the part of that individual to "get involved" in something they will enjoy.

This is what Clubs and Activities is all about.

"THERE REALLY ARE MANY THINGS TO DO!

SOME SEEM TO DO EVERYTHING - SOME DON'T. SOME DO A LITTLE OF THIS AND THAT - OTHERS JUST VERY LITTLE."

IT SEEMS LIKE ONLY "YESTERDAY"

IF WE ONLY HAD A CHANCE TO DO IT AGAIN . . .

BUT THEN — WHY CHANGE IT? — IT TURNED OUT OKAY . . .

"We started out, just hoping to get through the YEAR —and we did!!! It's time to wish the very best to the Graduating Class of 1978 — 'CONGRATULATIONS'. We've had fun this year and accomplished a lot. The summer is now upon us, so we'll shift gears and look to tomorrow. Until we meet again — GOOD-BYE.

It can't really be over, can it??? . . .
